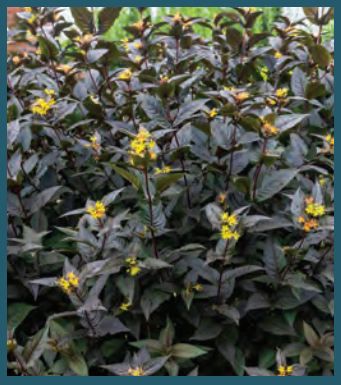
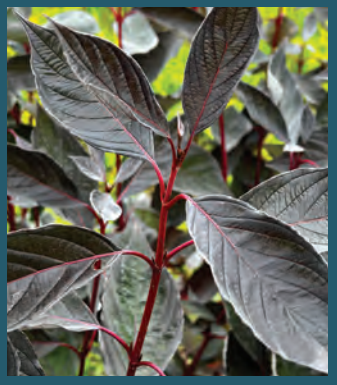
BAILEY® | Endless Summer® | FIRST® EDITIONS | easy elegance®

2027 NEW VARIETIES





TO OUR VALUED CUSTOMERS,

Over the past several months since joining Bailey, I've had the opportunity to spend time with many of our teams and to visit with growers and customers across the industry. Those conversations have reinforced something that sits at the heart of Bailey's work: our success is built on strong partnerships with the people who grow, sell, and recommend plants every day.

As the garden market continues to evolve and consumer expectations shift, the importance of dependable plants and trusted partnerships has never been greater. You know your customers and your markets better than anyone. Our role at Bailey is to support that work by developing and introducing plants that help you succeed in production, capture attention at retail, and perform for gardeners long after they leave the store.

Each season, our teams evaluate new genetics with that goal in mind. The 2027 lineup reflects our continued effort to provide plants that combine beauty, durability, and reliable performance.

Among the highlights this year is First Editions® DreamScape® Smooth Hydrangea, an exciting advancement in *Hydrangea arborescens* with rich ruby-pink blooms and strong stems that hold flowers upright through the season. We're also introducing two new Diervilla selections to the First Editions® Shrubs & Trees collection, High-Viz® and Dark Mode®, along with additional perennials, clematis, and other shrubs and trees that broaden the Bailey offering.

What excites me most is the collaboration behind these introductions. From breeders and production teams to the growers and retailers who bring these plants to market, progress in our industry happens when we work together.

My hope is that Bailey continues to be your trusted partner helping you meet the needs of gardeners while building successful, sustainable businesses together. Thank you for the opportunity to work alongside you.

Jorge Becerra
Chief Executive Officer

DREAMSCAPE®

SMOOTH HYDRANGEA

First Editions® DreamScape® Smooth Hydrangea represents a major advancement in pink *Hydrangea arborescens*, delivering value for growers, retailers, and landscapers. Bold 8–10" mophead flowers open ruby pink and age to parchment pink, held upright on strong stems that withstand wind and rain. Dark green foliage stays clean in production, on the shelf, and in the landscape. With a uniform, mounded habit at 3–4' tall and 4–5' wide, DreamScape® is hardy in Zones 3–8 and adaptable to sun or part shade. Bred by Bailey Nurseries, it sets a new standard in the category.

DreamScape® Smooth Hydrangea

Hydrangea arborescens 'BAICZ10' PPAF

- Advancement in pink smooth hydrangeas for growers, retail, and landscape
- Abundant ruby pink blooms age to parchment pink
- Strong stems and clean foliage ensure reliable performance

HEIGHT	WIDTH	SHAPE
3-4'	4-5'	Upright, Rounded

USDA HARDINESS	EXPOSURE
3-8	Full Sun to Part Shade

Velvet Dusk® Dogwood

Cornus alba 'Bailadeline' PP36,136

- Dark purple leaves emerge in spring that transition to dark green then back to purple in the fall
- Velvety gray undersides of leaves provide unique contrast
- Red branches standout in winter

HEIGHT	WIDTH	SHAPE
5-7'	5-7'	Upright, Rounded

USDA HARDINESS	EXPOSURE
3-7	Full Sun to Part Shade

Dark Mode® Diervilla

Diervilla x splendens 'Baildiertwo' PP37,622

- Dark purple-black foliage holds its color reliably all season
- Recurrent yellow blooms add contrast and pollinator interest
- Thrives in full sun to part shade and tolerates drought and wet soils

HEIGHT	WIDTH	SHAPE
3'	3-4'	Upright, Spreading

USDA HARDINESS	EXPOSURE
3-8	Full Sun To Part Shade

High-Viz® Diervilla

Diervilla x splendens 'Baildierone' PP37,462

- Apricot new growth matures to chartreuse, then orange and red in fall
- Classic yellow blooms appear in June with dependable seasonal rebloom
- A deer-resistant variety that is tolerant of both drought and wet soils

HEIGHT	WIDTH	SHAPE
4-5'	4-5'	Upright, Spreading

USDA HARDINESS	EXPOSURE
3-8	Full Sun to Part Shade

Admiration™ Oak

Quercus x jackiana 'Jefmir'

- Features glossy foliage and distinct shaggy bark
- An upright shade tree with reduced acorn production
- Best used as a vertical accent or for shade

HEIGHT	WIDTH	SHAPE
40-50'	30-40'	Pyramidal

USDA HARDINESS	EXPOSURE
2-8	Full Sun

Fire Light Tidbit® Panicle Hydrangea

Hydrangea paniculata 'SMNHPK' PP32,512

- Flowers go from white to rich, saturated tones of pink and red as they age
- Has strong blooming ability, with dozens of panicle flowers on strong stems
- One of the smallest panicle hydrangeas that matures at just 2-3'

HEIGHT	WIDTH	SHAPE
2-3'	3'	Mounded

USDA HARDINESS	EXPOSURE
3-8	Full Sun to Part Shade

Gray Spicebush

Lindera angustifolia

- Known for glossy, fragrant leaves in summer that age to red-orange in fall
- Great for woodland or meadow settings as a hedge or shrub border
- Leaves turn tan to brown in fall and persist into winter

HEIGHT	WIDTH	SHAPE
7-10’	4-6’	Upright, Rounded

USDA HARDINESS	EXPOSURE
6-8	Full Sun to Part Shade

Brandywine™ Viburnum

Viburnum nudum ‘Bulk’

- Features loads of berries that change from green to shades of pink and blue
- Has good berry production even without another pollinator nearby
- Showy, glossy leaves change to incredible dark maroon-red in autumn

HEIGHT	WIDTH	SHAPE
5-6’	5-6’	Upright

USDA HARDINESS	EXPOSURE
5-9	Full Sun to Part Shade

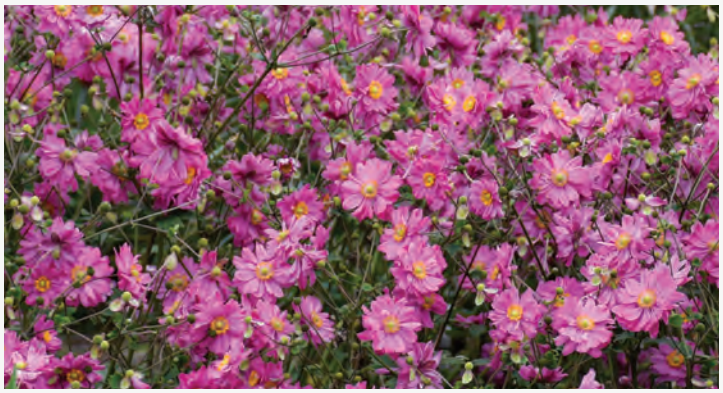
Fall In Love® Sweetly Anemone

Anemone hupahensis 'Sweetly' PP31,089

- Produces rich, semi-double rose-pink flowers in early fall
- Semi-double flowers are produced above a large mound of dark green foliage
- Late to rise in spring, use as a cover for the fading spring bulb foliage

HEIGHT	WIDTH	SHAPE
20-26"	24-30"	Upright

USDA HARDINESS	EXPOSURE
4-8	Full Sun to Part Shade



Visions in White Delight Astilbe

Astilbe chinensis 'Visions in White Delight' PPAF

- The dense, fragrant, creamy-white flowers attract pollinators
- A compact, robust, and drought tolerant perennial
- Deer resistance makes this a great choice for woodland gardens

HEIGHT	WIDTH	SHAPE
18"	11-16"	Upright

USDA HARDINESS	EXPOSURE
3-8	Full Sun to Part Shade

American Goldfinch False Indigo

Baptisia 'American Goldfinch' PP30,478

- Gorgeous, golden yellow flower spikes rise up above its wide habit
- A big, bold, floriferous native cultivar
- Perfect for filling in large spaces or mass plantings in landscapes

HEIGHT	WIDTH	SHAPE
3-3.5'	4.5-5'	Upright

USDA HARDINESS	EXPOSURE
4-9	Full Sun to Part Shade

Golden Anniversary False Indigo

Baptisia 'Golden Anniversary' PP37,156

- Features a combination of indigo blue flowers and golden yellow foliage
- A long-lived perennial that creates a bright focal point in the landscape
- Use in meadow plantings, as a backdrop in borders, or as a specimen

HEIGHT	WIDTH	SHAPE
30-36"	30-36"	Rounded

USDA HARDINESS	EXPOSURE
4-9	Full Sun to Part Shade

SpinTop® Mango Blanket Flower

Gaillardia aristata 'Spintop Mango' PPAF

- Golden-orange flowers with yellow tips bloom earlier than other varieties
- An excellent choice for drought tolerance and to attract pollinators
- Grows uniformly with a compact habit

HEIGHT	WIDTH	SHAPE
8-12"	12-16"	Mounded

USDA HARDINESS	EXPOSURE
3-9	Full Sun

SpinTop® Orange Halo Gaillardia

Gaillardia 'Bargaispinor' PP29,205

- Blooming until fall, the orange blooms are yellow tipped with a deep eye
- A drought-tolerant perennial that is also attractive to pollinators
- Long lasting color makes it perfect for containers

HEIGHT	WIDTH	SHAPE
8-10"	10-12"	Mounded

USDA HARDINESS	EXPOSURE
3-9	Full Sun

Ice Dance Sedge

Carex morrowii 'Ice Dance'

- Foliage is vivid deep-green with a creamy-white margin
- Evergreen in mild areas and a semi-evergreen in cold areas
- Use as a groundcover or in containers for a fun, funky look

HEIGHT	WIDTH	SHAPE
12-16"	18-24"	Upright, Arching

USDA HARDINESS	EXPOSURE
4-8	Full Shade to Part Shade

LaDiva Spirit Purple Blue Lavender

Lavandula angustifolia 'Purple Blue'

- Heavily branched stems are covered with deep purple, fragrant flowers
- Is both deer resistant and pollinator friendly
- A great sun-loving, drought-tolerant plant

HEIGHT	WIDTH	SHAPE
24"	24-36"	Upright

USDA HARDINESS	EXPOSURE
4-8	Full Sun

Goldblitz Black Eyed Susan

Rudbeckia fulgida var. sullivantii 'Goldblitz'

- Nectar-rich golden flowers start early in the season
- Flowers attract pollinators and dried seed heads feed wildlife in winter
- Ideal for a long-lasting cut flowers or for use in dried arrangements

HEIGHT	WIDTH	SHAPE
24-28"	18-24"	Upright

USDA HARDINESS	EXPOSURE
3-9	Full Sun

Candy Stripe Clematis

Clematis 'Candy Stripe'

- Has bi-colored flowers with lavender and pink stripes and yellow anthers
- Blooms appear in late spring to early summer and again in late summer
- An excellent climber for trellises, arbors, fences, and containers

HEIGHT	WIDTH	SHAPE
8-10'	Varies	Climbing

USDA HARDINESS	EXPOSURE
4-9	Full Sun to Part Shade

Crystal Fountain™ Regal® Clematis

Clematis 'EVIpo038'

- Has early, large flowers with lilac-blue petals and a fountain-like center
- A compact vine that is ideal for containers or gardens with limited space
- An incredibly hardy plant that produces flowers even after hard winters

HEIGHT	WIDTH	SHAPE
5-7'	Varies	Climbing

USDA HARDINESS	EXPOSURE
4-9	Full Sun

Dr. Ruppel Clematis

Clematis 'Dr. Ruppel'

- 5-6" pink lavender blooms have red stripes and white ruffled petal edges
- Blooms appear in late spring to early summer and again in late summer
- Reaches 8–10' tall on supports like trellises, arbors, or fences

HEIGHT	WIDTH	SHAPE
8-10'	Varies	Climbing

USDA HARDINESS	EXPOSURE
3-9	Full Sun

Elsa Spath Clematis

Clematis 'Elsa Spath'

- Has 6–8" lavender-blue flowers with overlapping petals and red anthers
- This vine is free flowering in late spring with repeat blooms
- A vigorous climber ideal for trellises, arbors, fences, and containers

HEIGHT	WIDTH	SHAPE
8-10'	Varies	Climbing

USDA HARDINESS	EXPOSURE
3-9	Full Sun

H.F. Young Clematis

Clematis 'H.F. Young'

- Showcases very large 7-8" blooms
- A vigorous climber that reaches 8-10'
- A free flowering and repeat bloomer later in the season

HEIGHT	WIDTH	SHAPE
8-10'	Varies	Climbing

USDA HARDINESS	EXPOSURE
3-9	Full Sun

Hyde Hall™ Gardini™ Clematis

Clematis 'EVIpo009'

- Produces 5-7" off-white blooms with light brown anthers
- The blooms appear in late spring to early summer on last season's wood
- An ideal plant for trellises, fences, arbors, and containers

HEIGHT	WIDTH	SHAPE
8'	Varies	Climbing

USDA HARDINESS	EXPOSURE
3-9	Full Sun

Multi Blue Clematis

Clematis 'Multi Blue'

- Features very double 4–5" flowers in deep blue to purple tones
- Blooms appear in late spring to early summer and again late summer to fall
- An excellent choice for trellises, fences, and arbors

HEIGHT	WIDTH	SHAPE
7-8'	Varies	Climbing

USDA HARDINESS	EXPOSURE
3-9	Full Sun

Pink Champagne Clematis

Clematis 'Kakio'

- Boasts 5" rose-pink blooms with a lighter center stripe and yellow anthers
- This climber blooms in late spring with repeat flowering in late summer
- A compact plant that's ideal for trellises, arbors, fences, and containers

HEIGHT	WIDTH	SHAPE
8'	Varies	Climbing

USDA HARDINESS	EXPOSURE
3-9	Full Sun

Rebecca™ Boulevard® Clematis

Clematis 'Evipo016' PP21,583

- Large bright red flowers are accented by creamy yellow anthers
- Blooms late May to June and again in August
- An ideal choice for trellises, arbors, fences, and containers

HEIGHT	WIDTH	SHAPE
6-8'	Varies	Climbing

USDA HARDINESS	EXPOSURE
4-9	Full Sun

Major Wheeler Trumpet Vine

Lonicera sempervirens 'Major Wheeler'

- Boasts clusters of orange-red flowers from late spring to summer
- Summer blooms attract pollinators and fall red berries attract wildlife
- Best used as climbing vine or mounded in a woodland garden

HEIGHT	WIDTH	SHAPE
6-10'	5-10'	Climbing

USDA HARDINESS	EXPOSURE
4-8	Full Sun

EmberGlow™ Seedless Grape

Vitis 'MN1296' PPAF

- Rosy-red seedless grapes have a light crunch and strawberry-like flavor
- Highly resistant to powderly mildew, black rot, and *Phomopsis*
- Is ready for harvest in early fall

HEIGHT	WIDTH	SHAPE
Varies	Varies	Vine

USDA HARDINESS	EXPOSURE
4-8	Full Sun

LumiGlow™ Seedless Grape

Vitis 'MN1369' PP36,863

- Showcases golden-green, seedless grapes with a tropical pineapple flavor
- A cold-hardy variety that's resistant to powdery mildew and *Phomopsis*
- Features a flexible harvest window, which fits into multiple schedules

HEIGHT	WIDTH	SHAPE
Varies	Varies	Vine

USDA HARDINESS	EXPOSURE
4-8	Full Sun

ShadowGlo™ Seedless Grape

Vitis 'MN1325' PP36,893

- A midnight-blue to black seedless grape with a mildly tart flavor
- Is cold-climate hardy and resistant to foliar *Phylloxera* and *Phomopsis*
- Is ready for harvest in mid-September, whether by hand or mechanically

HEIGHT	WIDTH	SHAPE
Varies	Varies	Vine

USDA HARDINESS	EXPOSURE
4-8	Full Sun
