First Editions® Atomic Red™ Trumpet Vine
Bigger, bolder flowers create an explosion of color.

St. Paul, Minn. (Spring 2013) – Create a splash of vertical color with First Editions® Atomic Red™ Trumpet Vine. This vigorous climber features larger flowers than you would typically find on a trumpet vine. Deep red buds explode into bold, three to four inch trumpet shaped blooms that start out orange-red, maturing to a striking red.

Atomic Red blooms from summer through fall, adding extraordinary appeal to a trellis, fence or stone wall.

First Editions® Atomic Red™ Trumpet Vine

Campsis radicans 'Stromboli'

Location: Full sun

Zone: 4-9

Height: 20- to 30-feet

Width: Varies

Flower: Red

Foliage: Glossy green

Look for First Editions Atomic Red Trumpet Vine in the purple pots at garden centers in spring 2013.
