

BAILEY<sup>®</sup>

INTRODUCING JUMPSTARTS<sup>®</sup> 5.5

# JumpStarts® 5.5

Bailey potted liner innovation continues and has gotten even bigger!

Growers, we have some big news for you.

For years now, JumpStarts® potted liners have changed the way we think about shrub production.

With its industry-first cell configuration that inhibits root circling in finished production, you produce a **consistent, high quality product on your timing.**

# JumpStarts® 5.5 advantages

Twice the size of quart JumpStarts®, ideal for fast finishing

- Extended planting windows
- Well-branched & well-rooted liners that are more economical than one gallon upshifts
- Perfectly suited for mechanization
- Easy and less expensive to ship
- Best used for larger container production and crop make-up plantings

# JumpStarts® 5.5
