

BloomStruck®, part of the Endless Summer® Collection, is another breeding breakthrough. After 50 days below 0° F, and a low of -28° F, BloomStruck® flowered heavily the following spring on old growth and put out loads of blooms on new growth. In addition to being cold tolerant, BloomStruck's glossy dark green leaves are more heat resistant, which prevents wilting in mid-day heat. This reblooming mophead has rounded flowers averaging 3.5 - 5" across in intense rose-pink, violet or blue, depending on pH levels. Flower heads are held upright on striking ruby red stems, adding to this plant's retail presence. (C®)

BENEFITS OF A MEDIUM GRADE

- Can be finished in a #2 or #3 container for late summer/fall sales
- A reblooming variety that offers extended color in retail
- Will be ready for sales the following summer in a #5 container

HEIGHT 3-4'	WIDTH 4-5'	ZONE 4-9	EXPOSURE Morning Sun, Afternoon Shade
FOLIAGE Dark green	FALL FOLIAGE Burgundy-red	SHAPE Rounded to spreading
