

Plump, candy-pink berries ripen in early fall, as the last of summer's small pink flowers swell into pearls. As the leaves fall, each arching stem is adorned with berries which remain on through the winter. Compact form for the border or in masse. Do not ingest berries. Bred by Peter Kolster.

**BENEFITS OF A 3" GRADE**

- Ideal size to finish in a #2 container for sales in late summer or the following spring
- Can be finished in a #3 container for sales the following spring and summer
- Additional pruning will promote branching

<b>HEIGHT</b> 2-2.5'	<b>WIDTH</b> 2.5-3'	<b>ZONE</b> 4-9	<b>EXPOSURE</b> Full Sun
