

Imagine the beautifully fragrant flowers of 'Miss Kim' lilac on a more compact, restrained plant. That is exactly what you have with Little Lady™. In late spring, the dark pink buds open to lilac pink, with a heady fragrance that will tickle your nose! The foliage is similar to 'Miss Kim' and is a nice fresh green. The mature size makes this plant perfect for foundation plantings, but it can also be used en masse, or as an informal hedge where you don't need a lot of height. At maturity, it is about half the size of 'Miss Kim'. Rock solid hardy, it was bred on the northern plains of North America and will thrive even in zone 2. Developed by our friends at Jeffries Nursery in Canada.

**BENEFITS OF A 3" GRADE**

- Ideal size to finish in a #2 container for sales in late summer or the following spring
- Can be finished in a #3 container for sales the following spring and summer
- Additional pruning will promote branching

<b>HEIGHT</b> 4-5'	<b>WIDTH</b> 4-5'	<b>ZONE</b> 2-7	<b>EXPOSURE</b> Full Sun
