

STRAIGHT & NARROW[®] JAPANESE HOLLY

Ilex crenata 'PIIIC-I' PP29,578

USDA Hardiness Zone: 6-8

AHS Heat Zone: 8

Height: 6-8'

Width: 2-3'

Exposure: Full Sun to Part Shade

Shape: Upright

Straight & Narrow[®] is destined to become THE columnar Japanese holly of choice for retail and landscape. Growing 6' tall and 2-3' wide, Straight & Narrow[®] is an obvious improvement from other cultivars on the market whose branches tend to splay out as they age. Straight & Narrow[®] has strong branches that remain tightly upright as it ages and faces the elements. Shiny, dark green leaves are flat, not cupped, and remain nice looking through winter.
