

📱 CHECK THEM OUT!

At Bailey Nurseries, our bareroot peonies are grown with care to deliver superior quality. Grown in the field for three years, each plant produces several robust 3-5 eye liners. Our production crews use effective spacing, cultivation, and irrigation practices to promote healthy peonies. Throughout the growing cycle, we monitor for vigor and performance, encouraging strong, consistent plants. At harvest, they're expertly dug to preserve root health, resulting in peonies that are strong, uniform, and grower trusted.

ANGEL CHEEKS PEONY

Zone: 3-8 **Height:** 2.5-3' **Width:** 2.5-3'

Exposure: Full Sun

- Light-pink, fully-double blossoms
- Late-flowering variety for extended seasonal color
- Strong, compact build ideal for cut-flowers
- Highly productive and reliable performance

BOWL OF CREAM
PEONY

Zone: 3-7 **Height:** 2' **Width:** 2.5-3'

Exposure: Full Sun

- Large, bowl-shaped blossoms in pure white
- Hidden golden stamens provide a subtle accent
- Flowers can reach up to 8 inches in width
- Dark green foliage offers striking contrast to the blooms

CHARLIE'S WHITE
PEONY

Zone: 3-7 **Height:** 24" **Width:** 30-36"

Exposure: Full Sun

- Elegant white blossoms with a full center tuft
- Supported by strong, sturdy stems
- Excellent choice for cut flowers
- Mild, pleasant fragrance adds appeal

CORAL CHARM
PEONY

Zone: 3-7 **Height:** 3' **Width:** 2.5-3'

Exposure: Full Sun

- Bright coral buds open to vibrant orange-coral flowers
- Flowers gradually fade to softer shades of coral and yellow
- Creates an outstanding color effect in the garden

DO TELL
PEONY

Zone: 3-7 **Height:** 3' **Width:** 2.5-3'

Exposure: Full Sun

- Japanese lactiflora-type peony
- Orchid-pink guard petals with a speckled pattern
- Variable flower coloration adds interest and uniqueness

DUCHESSE DE NUMOURS
PEONY

Zone: 3-7 **Height:** 3' **Width:** 2.5-3'

Exposure: Full Sun

- Large, creamy white double flowers
- Soft yellow central petals that deepen to pale green
- Sweetly scented for added appeal
- Excellent choice for cut flower arrangements

FELIX SUPREME
PEONY

Zone: 3-7 **Height:** 2.5' **Width:** 2.5-3'

Exposure: Full Sun

- Large, double, and showy flowers in deep ruby-red
- Rich fragrance enhances sensory appeal
- Blooms appear in mid-season

FESTIVA MAXIMA
PEONY

Zone: 3-7 **Height:** 2-3' **Width:** 2.5-3'

Exposure: Full Sun

- Pure white flowers with occasional carmine flecks
- Sweet-smelling blooms fill the garden with fragrance
- Ideal for use as cut flowers

FRANCIS ORTEGOT
PEONY

Zone: 3-7 **Height:** 2.5' **Width:** 2.5-3'

Exposure: Full Sun

- Large, extremely fragrant, double, deep-red flowers
- Sturdy stems support the heavy blooms
- Mid-season bloomer
- Glossy, dark green foliage

**KANSAS
PEONY**

Zone: 3-7 **Height:** 36" **Width:** 30-36"

Exposure: Full Sun

- Double red flowers with vibrant, non-fading color
- Awarded the Gold Medal by the American Peony Society
- Recognized for outstanding garden performance and beauty

**KRINKLED WHITE
PEONY**

Zone: 3-7 **Height:** 2.5' **Width:** 2.5-3'

Exposure: Full Sun

- Early-blooming with snowy white, single flowers
- Neatly crinkled petals
- Withstands drought conditions
- Excellent choice for cut flowers

**NIPPON BEAUTY
PEONY**

Zone: 3-7 **Height:** 3' **Width:** 2'

Exposure: Full Sun

- Deep red outer petals surround creamy white to yellow inner petals
- Striking color contrast for a bold statement
- Good choice for cut flowers

**PRAIRIE AFIRE
PEONY**

Zone: 3-7 **Height:** 3' **Width:** 2-3'

Exposure: Full Sun

- Deep pink Japanese-type blooms with a vibrant center
- Center features deep rose, red, and yellow hues creating a fiery effect
- Mid-season bloom timing

**RACHEL
PEONY**

Zone: 3-8 **Height:** 3' **Width:** 2'

Exposure: Full Sun

- Attractive perennial valued for its abundant double blossoms
- Blooms in the late midseason
- Bright crimson flowers offer vivid garden color
- Strong, sturdy stems support the blooms effectively

**RASPBERRY SUNDAE
PEONY**

Zone: 3-7 **Height:** 3' **Width:** 2'

Exposure: Full Sun

- Large, double blooms ranging from blush to cream
- Splashes of raspberry-pink highlight the petal edges
- Mild, sweet fragrance adds a delicate charm
- Excellent choice for cut flowers

RED CHARM
PEONY

Zone: 3-8	Height: 2-3'	Width: 2-3'
------------------	---------------------	--------------------

Exposure: Full Sun

- Double blossoms in a rich, deep red hue
- Awarded the American Peony Society Gold Medal
- Excellent choice for cut flowers

SARAH BERNHARDT
PEONY

Zone: 3-7	Height: 3'	Width: 2.5-3'
------------------	-------------------	----------------------

Exposure: Full Sun

- Beautiful double pink flowers
- Petal edges are slightly paler, creating a silvery-tipped appearance
- Elegant and timeless bloom presentation

SCARLETT O'HARA
PEONY

Zone: 3-7	Height: 3'	Width: 2.5-3'
------------------	-------------------	----------------------

Exposure: Full Sun

- Large, fiery red single flowers
- Tall and vigorous plant habit
- A spirited, standout red ideal for garden impact

SEA SHELL
PEONY

Zone: 3-8	Height: 2.5-3'	Width: 2.5-3'
------------------	-----------------------	----------------------

Exposure: Full Sun

- Single to semi-double, shell pink blossoms with large golden-yellow centers
- Highly fragrant
- Strong stems rarely require staking
- Excellent for beds, borders, and foundation plantings

SHAWNEE CHIEF
PEONY

Zone: 3-8	Height: 2.5'	Width: 2'
------------------	---------------------	------------------

Exposure: Full Sun

- Double, deep red blossoms with bold color impact
- One of the most vigorous growers among peonies
- Long stems ideal for cut flowers

VIVID ROSE
PEONY

Zone: 3-7	Height: 36"	Width: 30-36"
------------------	--------------------	----------------------

Exposure: Full Sun

- Popular late-blooming variety
- Double, vivid, shimmering pink flowers
- Strong, sturdy growth habit
- Excellent choice for cut flowers
