

POLLINATOR-FRIENDLY SELECTIONS

First Editions[®] Shrubs & Trees has numerous pollinator attractors in our lineup that will support local ecosystems, while delivering reliable performance and a refined aesthetic in your own garden. This guide features our top First Editions[®] selections that will help provide for the pollinators in your own community.

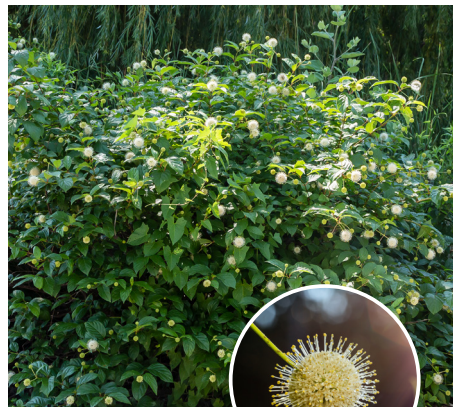

★ **ROCK STAR SELECTION**

STANDING OVATION™ SERVICEBERRY

- Loads of white flowers in spring often age to edible berries in June
- Dark green leaves turn shades of red and orange in autumn
- Upright, oval shrub that is great for hedges and privacy plantings

H: 15' W: 4' Z: 2-8 ☀️ 🌿 NATIVE CULTIVAR

FIBER OPTICS™ BUTTONBUSH

- Compact shape is excellent for small spaces
- Thrives in low areas with moist soil
- Great source of nectar for pollinators

H: 5-6' W: 5-6' Z: 4-9 ☀️ 🌿 NATIVE CULTIVAR

LOTUS MOON™ PEARLBUSH

- Stunning white buds and flowers in April and May
- Flowers are attractive to early season butterflies
- The vibrant green leaves are resistant to deer

H: 4-5' W: 3-4' Z: 3-7 ☀️

★ **ROCK STAR SELECTION**

BALI™ HIBISCUS

- Boasts semi-double, white pure flowers with a bold purple-red center
- Flowers bloom July to September and measure 3-4" diameter
- Great for smaller spaces that need color in the summer

H: 5-8' W: 4-7' Z: 5-8 ☀️

★ **ROCK STAR SELECTION**

FLOWERFULL™ SMOOTH HYDRANGEA

- Produces two-to-three times more blooms per season than other smooth hydrangeas
- Features strong stems that don't flop in the wind and rain
- Lush green foliage that provides wonderful contrast to the blooms

H: 3-4' W: 4-5' Z: 3-8 ☀️ 🌿 NATIVE CULTIVAR

★ **ROCK STAR SELECTION**

COBALT-N-GOLD™ HYPERICUM

- Mounded shrub with fine blue-silver foliage and yellow flowers
- Leaves age to yellow, orange, and red in the fall
- Thrives in full sun and well-drained soil, but is adaptable to many areas

H: 2-3' W: 4-5' Z: 4-7 ☀️ 🌿 NATIVE CULTIVAR

★ ROCK STAR SELECTION

PURPLE MAGIC CRAPEMYRTLE

- Covered in glossy green leaves and dark purple flowers from base to tip
- Blooms in mid-summer and will rebloom if deadheaded
- Disease-resistant leaves remain gorgeous all season

H: 7-8' W: 7-8' Z: 7-9 ☀️

★ ROCK STAR SELECTION

JADE PARADE® SAND CHERRY

- Glossy blue-green leaves turn shades of yellow, orange, and red in fall
- Stems are covered in white blooms in spring and cherries in the summer
- Perfect low-maintenance shrub that is ideal for mass planting groundcovers

H: 2-3' W: 4-6' Z: 3-7 ☀️ 🌿 NATIVE CULTIVAR

★ ROCK STAR SELECTION

CAMPFIRE ROSE

- Yellow and red buds open to semidouble yellow flowers edged in rosy pink
- Dark green glossy foliage has excellent disease resistance
- A cold-hardy shrub with eye-catching blooms that will light up the garden

H: 3' W: 3' Z: 3-7 ☀️

★ ROCK STAR SELECTION

ICEBERG ALLEY® SAGELEAF WILLOW

- Powdery, silver foliage adds unique texture and contrast to the garden
- Silver catkins bloom in spring, providing nectar for pollinators
- Extremely cold hardy shrub that fits beautifully in the landscape

H: 3-5' W: 4-6' Z: 2-6 ☀️ 🌿 NATIVE CULTIVAR

★ ROCK STAR SELECTION

LITTLE SPARK® SPIREA

- Compact, multiseason spirea that wows in containers or in the garden
- Orange leaves turn and stay yellow in summer, even in full sun
- Pink flowers bloom in summer, and will rebloom if deadheaded

H: 18-24" W: 18-30" Z: 3-8 ☀️ ☁️

★ ROCK STAR SELECTION

FLIP SIDE® CHASTETREE

- 8-inch deep purple flowers are magnets for pollinators
- Unique greyish olive-green leaves are dusky purple on the lower surface
- Great focal point plant for warm climate gardens

H: 6-8' W: 8-10' Z: 7-9 ☀️
