HIGH-VIZ™ DIERVILLA

Diervilla x splendens 'Baidierone' PPAF

USDA Hardiness Zone: 3-8

AHS Heat Zone: 8

Height: 4-5'

Width: 4-5'

Exposure: Full Sun to Part Shade

Shape: Upright, Spreading

First Editions® High-Viz™ Diervilla is a vibrantly eye-catching native selection shrub that's perfect for the landscape. Bred by Bailey Innovations™, it features an upright, spreading habit reaching 4-5' tall and wide. New growth emerges with a soft apricot-peach tint, maturing to bright chartreuse foliage that glows all summer. In fall, leaves turn rich orange to red. Classic yellow flowers bloom in June and rebloom through the season, attracting pollinators. Deer resistant, and tolerant of drought and wet soils, it thrives in full sun to part shade. Hardy in Zones 3-8, this adaptable shrub takes pruning well and brings all-season interest to any landscape.
